100 & COUNTING!

Hello Lifesavers! So it's 2011 and did you know that the Lifesaving Society is celebrating 100 years in Manitoba this year? That is a lot of Spring floods, Summers at the Beach, Fall Cabin adventures and Winter Snowmobile trips! Manitobans love their recreational activities in, on, or near the water and we have been here for them for the last 100 years!

Help us mark our 100th Anniversary with some celebration products. Show those around you what matters when it comes to watersafety, and help support drowning prevention initiatives in Manitoba such as our Northern Program and watersafety for New Canadians.

Rash Guard 100

Ever find yourself teaching or guarding on those early Saturday mornings and the temperature is a little less than ideal? Well check out our new Rash Guard for guards who work! Sporty, fun and fleece lined for warmth. Full range of movement and a snug fit to keep you warm for that 4-hour marathon session in the pool next weekend.

Call Lifesaving to Order \$60.00 / each (sizes XS,S,M,L,XL,XXL)

Lifesaving Sharx!

Fox40 whistles have been a main stay of Lifeguarding and the Lifesaving Society for many, many years. It's time to step it up a notch, or should I say a few decibels! The Sharx whistle is 3 times louder than the original Fox40 coming in at a staggering swimmer stopping 120 dB!! The Sharx also has a cushioned mouth piece so it's safe for your teeth and helps prevent concussion injuries.

**Call Lifesaving to Order \$10.00 / each
Order a set for your pool and we'll save you 10%
when you order 24.**

Water Safety Throw

With flooding threatening Manitoba again this Spring think of the risks if stop to help someone in trouble. Stay out of the water and provide definitive assistance with the Water Safety Throw. Designed for easy of operation in all weather conditions with 50 feet of buoyant line that has a 900 lbs breaking strength. Great for your car, truck, boat or for Rescue workers and Municipal employees.

Lifesaving First Aid Pocket Guide / Livret de premiers soins Societe de Sauvetage

Ever wish you had a great pocket reference in English and French for your first aid courses? Well wish no more. Thanks to our friends at the Quebec Branch we now have available a pocket sized First Aid reference guide for first aid courses. It has all the same info as the larger book, but in English and French. Add it to your course materials or replace the larger book for this one. Hey, maybe your sweetie would like one for Valentine's Day.
